AN ACT

TO PROVIDE FOR THE REGISTRATION OF ALL THE CITIZENS OF THIS STATE AND FOR THE ENROLMENT IN THE SEVERAL ELECTION DISTRICTS OF ALL THE LEGAL VOTERS THEREOF, AND FOR THE PREVENTION AND PUNISHMENT OF FRAUDS AFFECTING THE ELECTIVE FRANCHISE.

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. Each of the County Clerks of the several counties of this State, including the City and County of San Francisco, shall, immediately after the passage of this Act, be provided with a suitable book or books, strongly bound, with the necessary ruled columns, and appropriate headings and labels, for the registration, as hereinafter provided, of all the citizens of this State resident in their respective counties, who are or may be within six months, by reason of continuous residence, legal voters thereof, which book shall be designated, entitled and known in law as the "Great Register."

SEC. 2. In the Great Register the County Clerk on application, or on the return of the Assessor, shall register of those actually residents in his county, every male citizens of the United States over twenty-one years of age, who is, or who, possessing the other qualifications, may within six months, by reason of continuous residence, be a qualified elector and legal voter thereof; and every person registered in one county, on removing to another county in this State with intent to reside there, shall apply to the County Clerk of the county where he is registered, for a certificate of such registration, which shall be given him on demand, setting forth the entries as they exist in the respective register aforesaid, and certifying that it is given for the purpose of cancelling the registration therein, and authorizing the registration of the applicant in any other county where he may next become a resident; on production of which certificate to the County Clerk of the county to which he shall have removed, and the filing and cancellation thereof, and not otherwise, he shall be entitled to be there registered. And every person not producing such certificate, shall, to entitle him to registration in any county, be required to make oath before the County Clerk or Assessor, as the case may be, that he is not registered in any other county; and whenever any certificate of registration shall be given to any person in the form and for the purpose in this section expressed, the County Clerk shall at the same time cancel the registration of such person by entering in the proper column the word "removed."

SEC. 3. The manner of registration shall be as follows: Clear and distinct entries shall be made in said books, setting forth in separate columns the name at full length (without the use of initials) of the person registered; his age, omitting fractions of years; the country of his nativity; his occupation; the particular city, town, township, ward, or district of his residence; if a naturalized foreigner, when, where, and by what Court he was admitted to become a citizen of the United States; also the date of registry, and a number affixed to each name, which numbers shall run successively in the order of registration; and to the truth of the facts stated in such entries the person registered shall be duly sworn, which shall also be noted and verified by the word "sworn," to be entered in a separate column opposite the name.

SEC. 4. In the Great Register aforesaid there shall also be provided and left a blank column for the cancellation of the registration when required, by entering in the said column, opposite the name of the person registered, the word "dead," when authentic information shall be communicated to the County Clerk of the decease of such person, and the word "removed" when such person shall remove from the county, the word "insane" when the insanity of the person shall have been legally established, and the word "infamous" when such person shall have been duly convicted of any infamous crime. And any competent Court before whom any person shall have been duly found insane, or adjudged guilty of bribery, perjury, forgery, or other infamous crime, shall at the same time, or, if it be then ommitted, may afterwards order that such person, until duly restored to his rights, be excluded from the right of suffrage and registration on the Great Register, or, if he already be registered therein, that his registration be cancelled. Insane persons shall recover their rights on becoming of sound mind; and persons convicted of any of the aforesaid offenses may be restored to their rights by pardon.

SEC. 5. It shall be the duty of the Assessors of the several counties, personally, or by such person or persons as they may depute for that purpose, to enroll and return to the respective County Clerks, from time to time as the same shall come to their knowledge, the names of all unregistered inhabitants of their counties who, by this Act, are required to be registered, together with the particulars required to be entered and set forth in the registration of such persons as provided in section three, to the end that such persons be registered in the proper book as therein required; and the Assessor shall examine on oath each person so enrolled and returned in relation to the facts and particulars so required to be set forth, and in his returns shall note the fact of such examination and sworn verification by the word "sworn," with the date of administering the oath. The County Clerk, finding the returns sufficent for the purpose, shall register the names returned accordingly. Any defects in such returns shall be pointed out by the County Clerk, in order that the errors or defects may be corrected when practiable, and that persons entitled to registration may suffer no prejudice or unnecessary delay thereby. The County Clerk and the Assessor shall be allowed for their services aforesaid, payable out of the County Treasury, such compensation as the Board of Supervisors shall fix, not exceeding twenty-five cents to the County Clerk for each name registered, and twenty-five cents to the Assessor for each name duly and properly returned as aforesaid.

SEC. 6. No person, having been an alien, and claiming to have been naturalized conformably to the laws of the United States, shall be entitled to be registered in the Great Register unless he shall produce to the County Clerk, as the only evidence of such naturalization, a certificate thereof, in due and proper form, under the seal of the Court before which the same took place, or in case his certificate be lost or destroyed, shall, by the testimony of at least two registered householders and legal voters of this State, prove to the satisfaction of the County Clerk and the County Judge that he has resided in the United States five years, and in this State one year at least next preceding his application, and that during that time he has behaved as a man of good moral character, attached to the principles of the Constitution of the United States, and well disposed to the good order and happiness of the same, and that he is reputed to be a naturalized citizen of the United States, and is such according to the best of such deponents' knowledge, information and belief, in which case, and such proof being made, the applicant's own affidavit shall be received to establish the fact of naturalization as well as the loss or destruction of his certificate; provided, that unless it appear, by such testimony, examination, affidavit, or otherwise, to the County Judge that the records of the Court before which the naturalization took place are destroyed, the applicant shall, by order to be filed with the County Clerk at the time of his registration, be required to produce the proper certificate within two years thereafter, and in default of producing and exhibiting the same to the County Clerk, such registration shall be cancelled.

SEC. 7. Where the applicant for registration, having been an alien, claims to have been naturalized more than 15 years previous to his application, and is unable to produce the proper certificate of his naturalization, if he shall, by the oaths of two registered householders and legal voters of this State, prove to the satisfaction of the County Clerk and County Judge that he has resided in the United States fifteen years, and in this State five years next preceding, and that during said five years he has behaved as a man of good moral character, attached to the principles of the Constitution of the United States, and well disposed to the good order and happiness of the same, and that he has been during said five years reputed to be a citizen of the United States, and in such according to the best of the knowledge, information and belief of such householders, then and in such case his own affidavit shall be received as evidence of his naturalization, and of the existence and loss of his certificate, and thereupon he shall be admitted to permanent registration without further proof.

SEC. 8. Persons born without the limits of the United States, who may claim to have become citizens thereof by virtue of the naturalization of their fathers while they were under twenty-one years of age, and dwelling within the United States, shall, to entitle them to registration, produce a certificate in due form, under the seal of the proper Court, showing that their fathers were so naturalized, and make proof of their residence and minority at the time, or, being unable to produce such certificate, shall make the same proof of residence, character and reputed citizenship as is required in section six, and thereupon their own oaths, or the oath of some registered householder and citizen, deposing to such naturalization of the father, and the residence and minority of such persons at the time, according to the best of deponent's knowledge, information and belief, shall be received by the County Clerk and Judge as evidence of the fact, and, in such case, the applicant shall be admitted to permanent registration without further proof.

SEC. 9. In all cases, other than those provided for in the three preceding sections, the Assessor and County Clerk shall require satisfactory proof of citizenship on the part of all persons not personally known to them to be natural born citizens of the United States, before admitting them to registration. Such proof may be given by authentic documents, or by the testimony on oath of any person known to the said Assessor or Clerk to be a natural born citizen as aforesaid, and common repute may also be received as evidence in such cases. The County Clerk, Assessor and County Judge, shall each of them have power to administer oaths, and examine any person on oath touching the right of such person, or of any other person, to registration.

SEC. 10. Persons entitled to registration, whose registration shall be refused by the County Clerk, may proceed by *mandamus*, before any Court having jurisdiction, against such Clerk to procure their registration, but no cost shall be allowed in such proceeding. In cases not otherwise provided for in this Act, the registration of any person not duly qualified therefor, may be cancelled whenever the fact may be made to appear in a proceeding in the nature of *quo warranto*, which may be instituted against such person in the County Court of the county where he is registered, on the sworn complaint of any registered citizen thereof setting forth the material facts of the case. The party interested shall be duly summoned, and may appear and answer as in ordinary actions in the District Courts, and the Court, upon hearing, at such time as may be appointed for the purpose, the parties having due and reasonable notice, shall proceed to render such judgment as the law and the facts shall require. If such judgment be for the cancellation of such registration, an appeal may be taken to the Supreme Court by the party aggrieved, in the same manner as other appeals are taken to the Supreme Court from the County Court.

SEC. 11. Persons duly registered in the Great Register shall be deemed citizens of the State of California, and on application to the Secretary of State, and production under the hand and seal of the proper County Clerk, of a certified abstract of registration, and making affidavit or other satisfactory proof of continued residence in this State and in the county where registered, and payment of the same fee as is allowed for certificate and seal of State in other cases, shall, if they desire it, be entitled to receive a certificate of their citizenship, under the Great Seal, signed by the Governor and Secretary of State.

SEC. 12. During the month of July, 1867, and during the month of July every four years thereafter, the County Clerks (except when and as may be otherwise ordered by the Board of Supervisors) of the several counties of this State shall make out and certify a general list, and during the month of July in each of the intermediate years, a supplementary list, alphabetically arranged according to surnames, of all persons who then stand registered upon the Great Register (omitting those whose names are cancelled by the proper entries) with the entries opposite each name, and the register number, as they appear in said book, and shall cause to be printed and transmitted to the Clerk of Elections of each Election Precinct in his county, at least ten printed copies thereof; provided, that each supplementary list, unless otherwise ordered as aforesaid, shall contain only the names of the persons registered after the making out of the general or supplementary list next preceding it.

SEC. 13. The Board of Supervisors of each county throughout the State are empowered, and immediately after the passage of this Act shall proceed to establish a convenient number of Election Districts in their respective counties, and to define the boundaries thereof, which they shall have power to alter from time to time, as the convenience of voters may require. They shall also have power to establish and designate the precincts or places for holding the polls in each district. In all the counties, except Amador, Tuolumne, Siskiyou, Butte, Placer, Mono, El Dorado, Shasta, Trinity, Nevada, Calaveras, Sierra, Mariposa, Merced, Del Norte, Klamath, and also in incorporated towns and cities in said excepted counties, there shall be one and only one precinct or place of holding the polls in each Election District. In the remaining portions of said excepted counties, not included in such towns and cities, should the Board of Supervisors find it necessary, in consequence of the condition of the country and population, to lay off Elective Districts of such great extent as to require more than one precinct therein for the convenient accommodation of the legal voters, they shall in that case have power to establish one or more and as many such precincts as shall in their judgment be necessary for the purpose; but eventually, and whenever practicable in the judgment of the Board, the extent of such large districts shall be so reduced that one precinct will be sufficient therefor; provided, that such large districts, which shall be known as outside districts, shall in no case embrace more than one township, nor cross the boundaries of any township.

SEC. 14. For every election precinct throughout the State there shall be elected or appointed, as hereinafter mentioned, one Clerk of Elections and two Judges of Elections, who shall hold office for two years, and until their successors shall be appointed or elected and qualified; and all vacancies which may exist or occur in either of said offices, by death, resignation, removal from the precinct or otherwise, shall be filled by appointments to be made by the Board of Supervisors of the proper county; and where the office is elective, the appointe to fill a vacancy shall hold office until the next regular election for county officers, and until the election and qualification of his successor. Each of said officers, before entering upon his duties, shall take the constitutional oath of office.

SEC. 15. The Board of Supervisors shall appoint the Clerk and Judges of Elections, except in those counties where said officers shall be declared elective by an order of the Board of Supervisors thereof; to be made and duly recorded on their records, which may be done on the petition in writing of any number of the householders and legal voters of the proper county, whose names are found on the last preceding poll lists, which number of petitioners shall not be less than one hundred, nor less than one-tenth the whole number of voters enrolled on said last preceding poll list. When elective, the Clerk and Judges of Elections shall be chosen at the general election.

SEC. 16. In the election of Clerk and Judges of Elections, where the office is elective, each qualified voter in each precinct shall vote for one Clerk and one Judge of Elections only, and the person having the highest number of votes for Clerk, shall be Clerk of Elections, and the two standing highest on the list, or having the largest number of votes for Judges, shall be the Judges of Elections, for the respective precinct.

SEC. 17. The Clerk and Judges of Elections shall constitute the Board of Registration for the enrollment, in their respective districts, of all the legal voters thereof; and also, besides the powers and duties by this Act specially conferred and enjoined upon them, the Clerk of Elections shall take the place of the Inspector of Elections now provided for by law, with the same powers, duties and obligations and the Clerk and Judges aforesaid shall constitute the Board of Judges of Elections now provided for by law, and all the existing laws not repugnant to the provisions of this Act relating to Inspectors of Elections, are hereby declared applicable to the said Clerk of Elections; and all the laws now in force applicable to Judges and Boards of Judges of elections, and not repugnant as aforesaid, are hereby continued in force and declared applicable to such officers and Boards as constituted by this Act.

SEC. 18. During the period of ninety days next proceeding any election appointed or authorized by law, the Board of Registration shall make out, and on the thirtieth day next proceeding such election—or, if that day be Sunday, the day following—shall revise, complete, and deposit with the Clerk of Elections, and within three days thereafter shall post, in one or more of the most public places of their district, (which if there be more than one precinct in such district, shall be most contiguous to their respective precinct,) an alphabetical list according to surnames, of all persons residing in such district and entitled to be enrolled at their respective precinct, who then are, by citizenship, and may be on the day of such election, by continuous residence, legally qualified to vote at such precinct; which list shall comprehend the names of all such persons, (including those between twenty and twenty-one years of age, and who will become of age on or before the day of election,) who shall have their *bona fide* residence in said district upon the thirtieth day next proceeding such election and at the time of the completion and revision of said list. The list so made out shall be designated and known in law as the Poll List, and shall supersede and be in lieu of the poll list now provided for by law. The poll list shall at all convenient times, except when in use of the Board of Judges on election days, be open to the inspection of all legal voters, and of all persons enrolled or entitled to be enrolled thereon; and it is hereby made incumbent on every person who is, or may be on the day of such election, qualified to vote thereat, to apply and see that he is duly enrolled for that purpose.

SEC. 19. In districts where there is but one precinct, the Clerk of Elections shall, during the period prescribed in the last section for making out and completing the poll list, and when the Board is not in session upon his own authority, enter upon said list, subject to the revision and correction of the Board, the names of all persons still residing in his district enrolled in the next preceeding poll list made out in pursuance of this Act, and also the names of all persons found upon the Great Register of the county whom he personally knows to be, or who, by the oath of any house holder and legal voter of his district known to him, shall be satisfactorily proved to be *bona fide* residents of his district.

SEC. 20. In districts where there are more precincts than one, the voters shall be allowed to enroll themselves at either of such precincts which they may select as most convenient to their residence on making application, personally or in writing, to the Board of Registration, or to the Clerk of Elections when the Board is not in session, and making satisfactory proof of residence and identity. Applications in writing shall be addressed to the proper Board of Registration, or Clerk of Elections, expressing the desire of the applicants to be enrolled, in order to vote at the precinct thus indicated, and shall be witnessed, and the genuineness of the signatures thereto, when not known to the said Board or Clerk, shall be attested by a subscribing witness known to them who is a resident and legal voter of the district.

SEC. 21. The registration in the poll list shall be made by entering therein, in separate columns appropriately headed, the name at full length, with a number prefixed to each name, which numbers shall run successively in the order of the names as they stand on the list, commencing with number one; date of entry in the list; age, omitting fractions of years, except where the person enrolled is between the age of twenty and twenty-one years; the class of citizenship, whether native or naturalized; occupation; the particular locality in the district of the voter's residence, if it can conveniently and briefly be stated, giving in towns and cities, as far as possible, the number of the dwelling and name of the street, or other location of the dwelling.

SEC. 22. The Board of Registration shall be in session on the said thirtieth day next preceding any such election as aforesaid—or if that be Sunday, then on the day following—at the office of the Clerk of Elections, for the purpose of determining applications on behalf of persons claiming the right to be enrolled on the poll list, erasing names improperly entered or improperly remaining thereon, and correcting all errors in relation thereto. They shall insert and enroll the name of every person entitled to be enrolled who may have been omitted from any cause, and shall erase the name of every person improperly placed or remaining on said list, so far as they are able to ascertain the same; and for that purpose the said Board and each officer and member thereof, shall have power then, or at any other time whenever necessary to administer oaths and examine on oath any person touching his own or the right of any other person to be registered in the Great Register, or to be enrolled on the poll list, or touching the qualification of any such person as an elector; and the said Board, by a summons, to be issued under the hand of the Clerk of Elections, may call before the Board at any stated meeting, or before the Clerk of Elections at his office, at a day and hour to be specified in such summons, any person to give testimony touching any of the matters aforesaid; *provided*, that none but householders who have constantly resided in the district for at least one year next preceding the time of making up the poll list, shall, under any circumstances, be enrolled thereon, unless on their own personal application.

SEC. 23. Within five days after the making out and completion of the poll list as aforesaid, the Clerk of Elections shall transmit to the County Clerk a certified copy thereof, with all the entries opposite each name in full; and the County Clerk except when and as may be otherwise ordered by the Board of Supervisors, shall, as soon as possible thereafter, and at least ten days before the election, make out and cause to be printed and delivered to each of the Clerks of Elections in the several election precincts, ten printed copies, by him certified, of all the poll lists so transmitted to him, attached or connected together, but separately and distinctly arranged and headed.

SEC. 24. The Board of Registration shall hold their final meeting for the purpose of revising and correcting the poll list, commencing on the third day next preceding the election—or, if that day be Sunday, then on the day following—and continuing their sessions by adjournment, from day to day, or from time to time, up to the time of opening the polls on the day of election, and no longer; after which time no additional names shall be enrolled for that election. At such final meeting they shall erase from the poll list the names of all persons not then actually residing in such district, or who, though actual residents of the district, are not qualified by citizenship to vote, or who for any reason are not then entitled to be or remain enrolled on said list.

SEC. 25 All the proceedings of the Board of Registration shall be open, and all legal voters of the district, and all persons qualified to be enrolled on the poll list, shall be entitled to be heard before them in relation to the formation of the poll list. Reasonable public notice shall be given of their meetings, and of the place where the office of the Clerk of Elections is kept, which, if convenient, shall be at or near the place where the polls are usually held.

SEC. 26. In the following cases and no others persons whose names have not been entered on the poll list of any precint, on or before the meeting of the Board of Registrration, to be held on the thirtieth day next preceding the election, may be enrolled on said list at the final meeting of the Board of Registration:

1. Where the person applying, or in whose behalf the application is made, shall furnish to the Board of Registration his affidavit, setting forth reasons satisfactory to the Board why he did not apply and procure the enrolment of his name on said poll list, and shall also prove to the satisfaction of the Board by such affidavit, and by the oath of at least one householder whose name is duly registered in the Great Register, and who is a legal voter of the district, that he has had his *bona fide* residence therein in pursuance of his lawful calling for thirty days at least next preceding, or for a period which, extended up to the day of election, will be equal to thirty days, specifying, in towns and cities, as far as practicable, the name of the street or place, and number or other designation of the house or dwelling, where his residence is and has been during such period, and that he did not remove into said district for the purpose of voting, and shall also make oath that he is not enrolled elsewhere.

2. Where the person applying shall prove, by the production of a naturalization certificate in due form under the seal of the proper Court that he has been admitted a citizen of the United States within the period of thirty-five days then next preceding, and shall also prove his residence in the district in the same manner as is required and specified in the preceding subdivision of this section.

SEC. 27. Prior to the first day of July, eighteen hundred and sixty-seven, registration in the Great Register shall not be an indispensable prerequisite to enrolment on the poll lists, but during said interval, persons duly qualified, whether native or naturalized citizens, but not registered as aforesaid, may, nevertheless, be enrolled on the poll lists on producing to the proper Board of Registration the same proof of citizenship as would be required to entitle them to Registration in the Great Register, and in making up and completing said poll lists all other provisions of this Act shall be strictly observed, as well before as after said date; *provided*, that registration in the Great Register aforesaid, when existing, as well before as after the said first day of July, eighteen hundred and sixty-seven, shall, until the contrary is proved, be received by the Board of Registration as sufficient evidence that the person registered was, at the time of registration, a citizen of the United States, domiciled in the county.

SEC. 28. After the first day of July, eighteen hundred and sixty-seven, registration in the Great Register being the only authentic record of domiciliation and citizenship, made upon the prerequisite and proper evidence, presented at the time and in the manner prescribed by law, none but those whose names stand registered and uncancelled upon the Great Register of the county shall be enrolled upon the poll lists of such county, except only persons naturalized, becoming of age, coming into the county to reside within thirty-five days next preceding the day of the election for which the poll lists are made up. In all cases, both before and after the said first day of July, eighteen hundred and sixty-seven, persons not registered in the Great Register, to entitle them to be enrolled on the poll lists, and persons naturalized on the day of election, to entitle them to vote, shall be required to prove their residence in the proper election district in the same manner as is mentioned and specified in the first division of section twenty-six, and with the same particularity.

SEC. 29. No person shall be allowed to vote except at the polls held in the election district where he resides; nor unless his name is enrolled on the poll list where he offers his vote in such district, except persons naturalized conformably to the laws of the United States on the day of such election, and who shall prove the same by production of the proper certificate of such naturalization; and on admitting the vote of such persons, the Board of Judges shall cause their names to be duly enrolled on the poll list. If any person enrolled on the poll list, whose vote shall be objected to on the day of election by any qualified elector, shall be proved, to the satisfaction of the Board of Judges, either by his own oath, or by the oath of any other qualified elector and householder of the district, or by other clear and competent evidence, not to be legally qualified and entitled to be enrolled on said poll list, or if it proved as aforesaid that he is enrolled on more than one poll list when he offers his vote, or is otherwise not legally qualified to vote at such election his vote shall be rejected. The Board of Judges and Board of Registration, and each member and officer thereof, shall cause to be carefully taken down and preserved in the office of the Clerk of Elections, all the affidavits and a brief statement or record of the substance of the oral testimony taken before them or either of them, either in relation to the right and qualification of any person to vote or to have his name enrolled on the poll list.

SEC. 30. In such new precincts as may be formed within sixty days next before any election is to be held, and also whenever an election is to take place less than three months after the time fixed by statute or by competent authority in pursuance of the statute for holding it, then the poll list may be made out, revised, completed, and corrected, within such time as shall be afforded after the formation of such new precinct, or after the time for holding such election shall have been so fixed; and all the provisions of this Act applicable to the formation, completion, and correction of poll lists shall be observed in such cases, except as to the time within which any act is to be done, and as to that particular, also, as nearly as practicable in the case.

SEC. 31. The poll list, in duplicate, as finally completed and corrected, shall be kept at the polls on the day of election, and thereafter remain in the custody of the Clerk of Elections; and on said poll list, opposite the name of each person voting, the fact shall be noted in a separate column reserved for the purpose, by the word, "voted," or by the initial letter "V;" and opposite the name of each person applying to vote whose vote shall be rejected, that fact shall also be noted in the proper column so reserved by the words, "vote rejected," or by the initial letters "V. R." The Board of Judges of Elections shall also cause to be kept a separate list and record of all persons attempting to vote without being enrolled on the poll list, or who, being enrolled, shall be satisfactorily proved to them not to be qualified for such enrolment; and of all persons whom they shall find enrolled in two precincts at the same time; of all persons who shall vote twice or offer to vote twice at the same election, or who shall commit, or in any manner or by any connivance incite, aid, or abet another to commit any other fraud against the provisions of this Act; and the Clerk of Elections shall immediately thereafter deliver a transcript of such list and record, and also of such affidavits and material testimony as may be in his possession, to the District Attorney, to the end that the parties guilty may be proceeded against according to law.

SEC. 32. Every person enrolled on the poll list of one district shall, on removing therefrom apply to the Clerk of Elections to have his enrolment on said list cancelled, and shall use all practicable diligence to see that his enrolment on the poll lists, wherever existing other than in the district where he actually resides, is duly cancelled.

SEC. 33. Every Justice of the Peace, Constable, Judge and Clerk of Elections, and every Supervisor, shall use all practicable diligence to notify the inhabitants of his township, district, or precinct, to register their names in the proper register and poll lists as required in this Act; and it shall be the duty of every such officer to give special and personal notice, as far as practicable, to every person hereafter coming to reside in such township, ward, or district, who, according to the provisions of this Act, ought to be registered, requiring him to register his name as aforesaid.

SEC 34. Any person who shall knowingly and wittingly cause, procure, or by any consent or connivance, allow himself to be registered in the Great Register of any county, knowing himself not to be entitled to or qualified for such registration, or while his registration upon the Great Register of another county exists and remains uncancelled, or to be enrolled upon the poll list of any election precinct knowing himself not entitled to or not legally qualified for such enrolment, or while his enrolment upon the poll list of another precinct exists and remains uncancelled; or shall vote or attempt to vote at any election, knowing that he is enrolled on the poll list of more than one precinct, or who, in order to get himself admitted to be enrolled, or to vote, shall use any false name, or who shall falsely personate any enrolled voter, and any person instigating, causing, aiding or abetting any other person in any manner in either of said acts, shall, on conviction thereof, be punished by fine not exceeding one thousand dollars, or by imprisonment in the County Jail or State Prison not exceeding one year, or by both such fine and imprisonment, in the discretion of the Court, according to the nature and circumstances of the case. In all cases where, on the trial of a person charged with any offence under the provisions of this section, it shall duly appear in evidence that the accused stands registered in the Great Register of any county, without being qualified for such registration, the Court, whether the defendant be acquitted or convicted of the offence charged, shall order such registration to be cancelled.

SEC. 35. If any member or officer of the Board of Registration, or Board of Judges of Elections, shall wilfully or fraudulently enroll or admit any person to be enrolled on the poll list, or admit any person to vote at any election knowing him not to be qualified to be enrolled or to vote as aforesaid, or shall refuse to enroll any person on said poll list knowing him to be entitled to be so enrolled, or refuse to admit the vote of any person knowing him to be entitled to vote, or shall otherwise knowingly and fraudulently act in violation or contravention of the provisions of this Act, he shall, on conviction for each and every such offence, be punished by fine not exceeding one thousand dollars, or by imprisonment in the State Prison or County Jail, at the discretion of the Court, not exceeding one year, or by both such fine and imprisonment. If the County Clerk, Assessor, or the members of any Board of Supervisors, or any of them, shall wilfully neglect or refuse to perform any specific duty enjoined upon him or them by this Act, or shall, in his official capacity, knowingly and fraudulently act in contravention of, or in violation of its provisions, he shall, on conviction thereof, be punished as hereinbefore in this section provided.

SEC. 36. It shall be the duty of the County Court at the opening of every session held next after any election, and at other times when said Court shall deem it necessary, to give this Act in charge to the grand jury, clearly and distinctly stating and explaining to them the duties and liabilities of individuals and public officers prescribed therein, and charging them to present every person who within the jurisdiction of the Court shall have been guilty of any dereliction of said duties, or offence under this Act, so far as the same may have come to their knowledge.

SEC. 37. The Clerk and Judges of Elections shall be allowed such compensation as the Board of Supervisors shall prescribe, not exceeding three dollars a day each for all the time that they are necessarily employed, and not exceeding five days' pay in any one year for each of the Judges, and six days' for the Clerk of Elections, which shall be in full compensation for making up the poll lists, as well as for holding elections, and all services whatsoever in relation thereto. The expense of printing lists and blanks in the several counties when required by this Act, shall be provided for by the Board of Supervisors; and said expense, as well as the aforesaid compensation of the Clerk and Judges of Elections, being first duly approved, allowed and audited, as other demands are required to be, shall be paid out of the County Treasury.

SEC. 38. For the purpose of rendering the mode of registration and enrolment as nearly uniform, free from inconvenience, and effectual as possible throughout the State, the Governor, Secretary of State, Controller, Attorney-General and Surveyor-General, are hereby constituted a State Board of Registry, of whom a majority shall constitute a quorum for the transaction of business, which board, subject to the provisions, limitations and restrictions of this Act, shall have the following powers:

First—To prescribe the forms to be used in the several counties and election districts under this Act, and to establish such general rules and regulations as they may deem necessary for carrying its provisions into complete effect, and with as little expense and inconvenience as possible.

Second—To consider and decide such questions affecting the right of registration or enrolment under this Act as may be submitted to them by the Governor, the County Clerk of any county, or the Board of Registration of any election precinct.

Third—To order the cause to be prepard, at the expense of the State, and through the Secretary of State transmit to the County Clerks of the several counties, the necessary and proper books for the Great Register, the necessary cost of such books to be audited, allowed and paid out the General Fund in the State Treasury in the same manner as other lawful demands against the State are required to be audited, allowed and paid.

SEC. 39. Whenever a meeting of the Board of Registration of any precinct is required to be held, two members thereof shall be a quorum for the transaction of business; and if in consequence of the sickness, absence, or other temporary disability of any member, or a vacancy not filled, the attendance of but one member can be obtained, the places of the members absent may be supplied for that meeting by any two householders and legal voters of the precinct who have resided there continuously for two years at least, to be appointed by the member in attendance, with the consent and concurrence of any Justice of the Peace of the county; and in case of the inability to attend of the Clerk and both the Judges of Elections, any Justice of the Peace, with any two householders, legal voters of the precinct, by him to be appointed, shall act as the Board of Registration for that day. The householders aforesaid, who may supply the place of absent members of the Board of Registration, shall severally be sworn by the Justice of the Peace faithfully to discharge their duties as members of said Board according to law.

SEC. 40. No fees or compensation shall be allowed to any officer for the services required under the provisions of this Act except as herein expressly allowed and specified; provided, that when any action shall be instituted in any Court of record of this State by *mandamus*, *quo warranto*, or otherwise, under the provisions of this Act, the same fees shall be allowed the officers that are now provided by law in other civil cases.

SEC. 41. In all legal or official proceedings legislative acts, and other cases, this Act may be referred to and cited by the title of "The Registry Act."

SEC. 42. All laws, so far as they conflict with the provisions of this Act, are hereby repealed.

CATHOLIC SERVICE.—Father D. Nugent will celebrate mass in the new Catholic Church Sunday (to-morrow) morning, at 10½ A. M.

MITE SOCIETY.—On Tuesday this Society gave their weekly ex the Golden Eagle Hall, and pleasure in announcing that evening last monious and well conduct tertainment at been our fortune to att we take much just sufficiently muddy a more social, harladies, and the resu ed affair it has seldom attendance on th nd. The streets were sually large; y to be tempting to the der us, and t was a crowded house. The an indistin e part of the ladies was unuhairy-lik nough so to completely bewilcause th we only retain of all that occurred, act knowledge that light, graceful and e creatures floated hither and thither, ng one for the time to almost forget that y were mortal, but to imagine that he had been suddenly transferred to the skies, and was wandering among the angels we are taught inhabit the heavenly spheres. The music furnished by Burr and Austin seemed to infuse a spirit in both old and young not to be resisted, and they would involuntarily beat time to its lively strains, and move through the mazes of the dance with unaccountable ease. Nothing occurred to mar the festivities of the occasion, and we opine that all who participated will long remember this meeting of the "Mites." We plead guilty to having been struck where we live by a lady who has a large waterfall. Thirty dollars was the receipts of the evening. Another meeting of the society takes place on Tuesday evening next, 13th inst., at the same place, to which everybody is invited, and requested also, to appear a little earlier.

MATTERS AT SUMMIT CITY.—From B. C. Whitmore, Esq., who is just down from Summit City, we get the following particulars concerning matters in that elevated locality. The greatest depth attained by the snow, at any time during the winter, was about seven feet, but the recent rains has caused it to settle, until now it only measures about five feet. It is compact, and locomotion with or without snow-shoes is perfectly easy. The California Mill has been idle the last two weeks for the want of teams to draw rock from the mine to the mill. Winton's Mill is running steady on rock taken from the Pacific Mine, which yields well. But one hotel (the Excelsior) is kept open during the winter. Coasting, dramatic readings, debating clubs and social dances constitute the past-time, in which all participate. The ladies spending the winter there number eighteen, all told. The balance, is largely in favor of the sterner sex, who number about three hundred and fifty. Work is being prosecuted with vigor on many claims. The Allen Company, at the base of Old Man Mountain, have worked five men steady all winter. The Enterprise Company are engaged on their lead extracting some fine ore, but have suspended operations on their mill until the weather is more favorable.

POSTAL MONEY ORDER SYSTEM.—The Post Office at Nevada City has been designated by the Post Office Department as a Money Order office. The new system furnishes a speedy and safe method of transmitting small sums of money to almost any portion of the United States, and at a trifling cost. All sums not exceeding $10, costs 10 cents; over $10 and not exceeding $20, 15 cents: over $20 and not exceeding $30, 20 cents. The Postmaster at Nevada City has made arrangements with the Postmaster here to receive applications for money orders through Hopkinson's Express. Blank applications for orders can be had at the Post Office or of Hopkinson's Express.

ANOTHER GOLD EXCITEMENT.—Some person or persons whose interests it is not probable will be retarded by the report, have started rumors of rich gold discoveries recently made in the vicinity of Tumaco and Barbacoas, State of Cauca, New Granada. Thirty pounds of the precious metal, it is said, was taken out by four men in eight days The excitement is growing, and a general stampede thither is not improbable. From fifty to seventy-five men left San Francisco on the last steamer for the new El Dorado. Of course the honesty of the Steamship Companies would not allow them to propogate such a story!

WE publish on the outside of this week's paper, for the information of our readers, the Registry Act as passed by the Senate. It will doubtless pass the Assembly when it comes before that body for action, and we would not be surprised if it passed without amendments; in which case the readers will have the benefit of one of the most important laws ever passed in this State. We bespeak for it a careful perusal.

"N. D."—Your communication will be found in this issue. We publish, and like to do so, sentiments and opinions on all sides. If a correspondent unjustly assails any party, so far as we are concerned, the party assailed shall always have an opportunity to confute what has been published. The fight promises to be a lively one, and as long as the combatants confine themselves to the rules of newspaper warfare we say in the language of poor Phipp's guardian, "go it."

RAILROAD.—This institution continues to push things ahead with a "vim" seldom equalled. The trestle work across the ravine on the south-eastern side of town has already made its appearance, and ere long will be completed. Notwithstanding the stormy weather, operations have been going on with great perseverance, and in this the company deserve much credit from the country at large. Barring their penchant for the mineral lands, and their disregard for the rights of ditch owners, the whole concern is very popular.

SENATOR JOHNSON, of El Dorado, has introduced a bill clothing County Judges with authority, on a proper showing, to change the names of persons.

A RARELY

day visited a few of the claims the south side of Dutch Flat Ra- our "rambles" were not very extensive, the fact that but two or three companies that direction are working their claims this season. We were highly pleased, however, with all that we saw, and our only regret is that we did not see more. Many substantial improvements were to be seen, on either hand, along the route we chose, but we prefer turning at once to the particulars concerning the

WAUKEGAN.

This is a hydraulic claim located, we believe, in '57, and worked with success, during a greater portion of the time that has elapsed since that perid. Mr. Jas. T. Staples, superintends the working of the mine, and we feel confident that under his management, if there is anything in the ground, about which we entertain no doubt, it will be bound to come out. Two pipes are used by this Company, throwing one hundred and twenty-five inches of water each, against a fine bank of gravel approximating two hundred feet in height. Three men perform the necessary labor. The Company have several hundred feet of fine bed-rock flume to which, may be added, a substantial rig throughout. A large scope of ground remains yet to be worked, and upon the whole, and to sum up briefly, we consider Waukegan stock over an average. Leaving this claim, and after a short walk in a westerly direction, we "might have been seen" at the

SUMMERSET,

where we find two very honest looking miners, in the persons of Kelsey and Staples, either with pipe in hand, throwing a stream of one hundred and twenty-five inches each, under a pressure of two hundred and fifty feet, against a fine bank of gravel that soars to such a dazzling altitude as to make it necessary to look twice to behold the top of it. This lofty bank of gravel looks well, and we were informed pays well—say about $100 per day. The claim was located in '58, and has been worked regularly, when a supply of water could be obtained, since that time. A vast amount of money has been taken out during the interval. Chas. Staples, Esq., is superintendent, and under his management but three men besides himself is required to do the work about the claim. The Company owns about fifteen hundred feet of bed-rock flume, besides many other permanent improvements. Everything about the mine is well appointed, and appeared to be in the most perfect order. Not over half the ground belonging to this Company has been worked as yet, and if we may be permitted to judge of the future by past results, it is fair to presume that the boys will all have a "home ticket" when it is done. In conclusion, we have to say, that the Summerset, if it does not out rank, will at least compare favorably, with the foremost claims of this district.

THE Concert and Exhibition given by the Sunday School children at the M. E. Church on Saturday evening last was a grand affair, and considering the stormy weather, very well patronized. A capacious stage occupied the east end of the Church upon which was seated the entire school, arrayed in the neatest attire, and presenting a scene that resembled more than anything else that we could think of, a huge bed of roses. Upon beholding the scene just mentioned, we could not refrain from sending a rapid retrospective glance, revisiting and reenacting in imagination similar scenes of *our* youth; and right well did we appreciate the mingled hope and fear animating the heart of every juvenile actor present. The entertainment consisted of vocal and instrumental music, declamation, dialogues, etc., and we hope that our local pride will be pardoned when we say that the performance, taken as a whole, could not be surpassed, if equalled by any school in the State. Too much credit cannot be bestowed on those in charge for the high state of perfection attained by the children in the rendition of their respective parts. All did splendid, but at the risk of appearing invidious we will mention particularly, little Hattie Pratt, in her "William Tell," and a Young Winnemucca, (we failed to get the little Indian boy's proper name) in a speech on "reconstruction" or something else, the name of which, we likewise failed to get. "Still gently o'er me stealing," in the echoes of melodious sounds produced by Miss Nancy V. Amos, while singing the patriotic and soul-inspiring song of "Wrap the Flag around me, Boys." Rev. Slithertam Slathertam's sermon was laughable and well rendered; in fact it is doubtful if any Puritanical-hard-shell-hard-cider Baptist could beat it; but candor compels us to say, when taking the occasion into the count, that we considered it ill-timed, if not in extreme bad taste. Burlesquing the ministry is but poorly adapted, in our judgment, to the elevation of the "young idea;" on the contrary, results diametrically the opposite would seem more probable. But we have no inclination to find fault further than a sense of duty dictates, and we will therefore conclude this notice. We understand that $75 was the net proceeds of the entertainment.

ALAS! POOR BRIGHAM.—The great influx of "Gentiles" to Utah, caused by the discovery of rich and extensive gold fields in the neighboring territories, promises to stay the foul tide of polygamy and bring Brigham's reign to a speedy and inglorious termination. But we notice, also, that the war against polygamy is being waged from another quarter. Two bills have recently been introduced into Congress—one of them compelling United States officials, both civil and military, to disavow the doctrines and practices popular at the City of the Saints; the other declaring that it should be swept from the territories of the Republic. Already we have writhings and contortions from the Saints and "Saintesses" as they read the unmistakable doom of their favorite institution. Now that slavery is no more, we will hail with joyous acclamation the moment when this other "twin relic of barbarism," whether by statutory interference, or the force of education and example, shall also be numbered among the things "that were."

FROM all appearances the heaviest blow sustained by the "great Democratic party" of this State, since the fall of Richmond and capture of Lee's army, was the passage of the Registry Act.

LETTER FROM GOLD RUN.

QUID NUNC AND THE RAILROAD.

GOLD RUN, Feb. 7, 1866.

EDITOR ENQUIRER:—I suppose matters of a personal character, as this somewhat is, can have but little attraction either for yourself or readers generally, but the remarks of your correspondent "Quid Nunc," from this place, indulging as it does in unmitigated and senseless abuse of persons therein mentioned, and leaving false impressions in the minds of the people;—who he is, and for whom he speaks, provokes me to say something in reply. That in an enterprise of the magnitude of the Pacific Railroad and in the actions of the contractors and superintendents, much fault may really exist, and that many persons may consider themselves aggrieved, ill-treated, even injured, may be true It would be singular were it not so, but such certainly cannot apply to your correspondent referred to; as for trade and commerce of which he prates, everybody knows *he* is as innocent of such things as a child unborn; and labor, "Quid Nunc's" acquaintance with it is too slight to make it worthy of the name; and "monopolies" which he yelps out: he needn't be alarmed, they will never much affect him; were he to complain of the Government import on spirituous and distilled liquors, he might be pardoned, on the ground of special interest for his business, in a small way, has much more to do with them than with any of the agents of the C. P. R. R.; with Messrs. Crocker or Strobridge unless Crocker (as he idiotically charges) really intends "to establish whisky-mills on every mile of the road," for which "Quid" ought to be grateful, as his conveniance and inclination will be more consulted, in such a measure, than almost any other one I know. As for those who are really affected by what they conceive the course of the Railroad Company, or its employés, I know but little; there may or may not be just cause of complaint; but if there is, none have, so far, availed themselves of the medium of the press to make it known, and the assertions of "Quid Nunc" prove nothing, and are rather suspicious when we know *he* neither sells goods to the Chinese, or has them to sell, or has labored for the Company, or wishes to labor for t em. In fact, any kind of work or business on the road is entirely out of his line, except that in which he has been engaged in your columns—defamation; yet he says certain things "makes his blood boil." It boils, does it? May be it cooks. Well, Quid, let it boil, it won't hurt much; after a while it may be "done *Brown*." Now I have as many sources of information about railroad matters as "Quid Nunc," probably a few more, and so far as any monopoly of the sale of goods to Chinese by any one person, that is not true; the Company really make no contracts with them (the Chinese); the traders who furnish them goods, hire them to the company, receive their pay, and pay them. The hiring them to the road is open and free to all who can get Chinese; bring them on to work and supply them; the Company want them; want more, and Mr. Crocker so informs all who inquire about that. Among firms, whom I can now name, who are working Chinese, I may name Mason & White, of this place; Egbert & Co., and Sisson & Co., of Colfax, and also Hung Wa and others. It may be, and probably is true, that the superintendent intends no firm shall work Chinese who will neglect to keep them supplied with goods, or who will not be satisfied with fair profits from the goods they sell them, or sell worthless goods at exorbitant prices. But "Quid" tries to be very severe on the "present contractors," and his "dispicable menials," the "second in command dismisses competent bosses from employment on the road," "men infinitely superior to himself," and "gives their places to others not so well qualified." He does, does he? Then the Company must look out, they have made a mistake. They haven't got the right man in the right place. I suggest they discharge Strobridge, and as "Quid" knows so much of the capacity of men, and has no other engagement, he be selected to fill the place. Just think of it, "Quid" in Strobridge's place. But enough of that. Those most interested will probably hereafter, as before now, employ men just so long as they believe their interests impels them to do so, and no longer. But truly no answer was needed, the opinion or abuse of "Quid Nunc," are as insignificant as they can be, and brings contempt upon any cause they seek to fan.

N. D.

BY telegraph we learn that nearly the entire State is likely to be "gobbled up" by grants of land to be made by the Government in aid of several newly projected railroad lines. Three bills are now pending in Congress looking to that end. One of them solicits aid—land and other aid—to assist in constructing the road over the Placerville route. "Our only sober Senator," Conness, introduced and is the champion of this measure. Another of the bills pending asks aid to build a road from the Central Pacific Railroad to Portland, Oregon. And the other provides aid for a road connecting San Francisco with Fort Yuma. A few more, and only a few more, grants of a similar nature is required, to place the citizens of every portion of our State, wholly at the mercy of monopolies and lordly grant holders. We have no objection to the Government aiding these various railroad enterprises in some manner, but grants of land through a populous State like ours we think is calculated to disturb rights acquired by years of toil, and ultimately work irreparable injury.

DEADLY ASSAULT.—Recently, at Dutch Flat, a man named Jay Brown made a deadly assault upon one Vanderlip, by shooting at him with a revolver. Brown was arrested and placed in the county jail. Brown was formerly in the State Prison, and Vanderlip was Captain of the Guard there.—*Union.*

Guess you are slighty mistaken this time, mister. Jay Brown, who was known in the State Prison as Marshall, did threaten Mr. Vanderlip, did act outrageously, and was arrested and sent to Auburn to await the action of the Grand Jury. But all this occurred at Gold Run, and not at Dutch Flat. Mr. Vanderlip was not assaulted or shot at by Brown. With these trifling inaccuracies your item is correct.

THE Chinese Fourth of July, New Year, or some other holiday observed by the almond-eyed sons of the Flowery Kingdom, comes off in a few days, and as a matter of course rats, bird-nest's pigs, chickens and fire-crackers are in great demand.

THE Stages on account of bad roads "failed to connect" on Wednesday last, between this place and Colfax. A saddle train has again been substituted, and we may now expect our mails regularly, mud or no mud.

IT is the heart that makes the home, whether the eye rests on a potato patch or a flower garden.

MONOPOLISTS.—The San Francisco Morning *Call* has the following in relation to monopolies. If we are to believe one-half we hear about the prayers of these sharks, our people are about to be swamped by the telegraph companies, railroad companies and other organizations got up for the purpose of swindling the people. We formerly favored the doctrine of encouraging public enterprises of this nature, but from the way the cat has commenced to jump we rather think such concerns should be left to their own resources. The monopolists never know when to cease asking. Speaking of the grant asked for by the Pacific Telegraph Company the *Call* says:

"We yesterday alluded to the fact that the new Overland Telegraph Company—the Pacific Telegraph Company—is asking the Legislature to grant it the right of way out of this State. The privilege asked by the Pacific Telegraph people can injure no one—if granted, the public will be greatly benefitted—yet the old Telegraph Company has the assurance to claim that it has the monopoly of telegraphing across this State. In 1852, the old Company obtained something like special privileges for telegraphing, on the condition that three per cent. of its net receipts should be paid into the State Treasury, and with the additional provision that the privileges thus granted should not prevent the construction of a telegraph line between the Atlantic and Pacific. Notwithstanding the fact that the old monopoly has never paid a dollar of the money it was bound to pay to the State, it is now pleading to the Legislature not to grant the privilege asked for in behalf of the people; is, in short, whining about its vested rights. A few members of the Legislature are, we understand, so silly as to be influenced by the appeals of the old Company. To those members we wish to say this: The present Legislature cannot take away vested rights. If the old Company has special rights, the Courts will so decide, in spite of the Legislature; if the old Company had any special rights, it has forfeited them, by not paying over to the State three per cent. of its net receipts, as required; the original franchise upon which the old Company pretends to rely has about transpired, and the supplementary franchise, upon which it really relies—in case the present Legislature does nothing—provides that the power which granted may annul it. The old Company has no real right to exclude privileges; it has forfeited all rights it ever had; by granting to the new Company permission to work its lines across the State, no one will be injured, but the entire people will be benefitted; by refusing such permission, a worthless monopoly will alone be benefitted, and the people at large will be injured."

A FAT man named Helm, and weighing five hundred pounds, died recently in Paris. Death must have had a good deal of tugging to get that helm aport.—*Exchange.*

Deceased was a twin brother of Alfred Helm, Clerk of our Supreme Court. They were natives of Loire, a beautiful village in France, till they were forty-two years of age—twenty-one years each. Both were extremely corpulent. So exactly alike were they, in appearance, that they determind to separate—to prevent trouble of identification among friends and the Police. Alf. was always getting his brother into the station-house for his own mad pranks. He has since reformed, and spends his evenings in the bosom of his family. Poor Jaques would have rejoiced to hear of the reform.—*Humboldt Register.*

THE ball to be given by Reliance Hose Company at the Dutch Flat Theater, on the 22d inst., promises to be the grandest affair that ever came off in this place. As the ball takes place on the natal day of the "Father of his Country"—a day that the most zealous partizan of every faith can and will observe—and every citizen being interested in the welfare of the Fire Company as well, it is but reasonable to predict that the attendance will be large. The Company will spare no pains to make theirs the ball of the season, and we assure, in advance, those who may be fortunate enough to attend, that they will have a fine time. See advertisement in another column.

QUID NUNC'S Gold Run communication was received too late for this issue.

AT LEAST two-thirds of the Diseases with which the human family are afflicted, are brought on by the want of attention to the condition of the Blood. Whenever the blood becomes impure, no matter from what cause, the effects of such impurity are immediately felt, either in one way or another; and unless measures are at once taken to remove such impurities, the whole system becomes affected, and a long fit of sickness and sometimes death is the result. Dr. Samuel Adams, a well-known Chemist of San Francisco, has discovered certain herbs and roots, mostly of California growth, which he has combined with Sarsaparilla and Iodide of Potas, and succeeded in producing a Medicine that, while it is entirely harmless in every particular, will in short time completely eradicate from the Blood all impurities of whatever nature, and will restore the patient to perfect ROBUST HEALTH. The preparation is called "ADAMS' BLOOD PURIFIER," and is for sale at wholesale at the United States Drug Store, corner of Bush and Powell streets, San Francisco, and by Dr. D. W. Strong, Dutch Flat. 40

TO MY OLD COAT.

Long time has passed, old ragged friend,
Since first we met together;
And thou to me thy aid didst lend,
To shield me from the weather.

But envious time, relentless king,
Hath rent thy seams asunder;
And now thou hast become a thing
For every blockhead's wonder.

The ladies, kind, obliging souls,
As through the streets they dash on;
When they view thy thousand holes
Cry: "mending is out of fashion."

The coxcomb as he passes by,
Condemns each holy feature;
And modest virtue with a sigh,
Exclaims: "O, wretched creature."

But thou hast been a friend in need,
Through half of life's rugg'd journey;
And now 'twould be graceless indeed,
From out my doors to turn you.

He who leaves an aged, good friend
Forgotten and neglected,
May be himself, when earth shall end,
By Heaven itself rejected.

My old friend, it were better now
To brave all the world's dread laughter,
Than to thoughtless folly bow
And meet with scorn hereafter.

No, No, old friend thou canst yet
Protect me from the weather;
And when my sun of life shall set,
We'll both lie down together.

And when the last loud trump shall sound
To wake the king of terrors;
O! may thy rags in heaven be found,
A cloak for all my errors.

UNION SUNDAY SCHOOL EXHIBITION.—We would again remind our citizens that the Exhibition and Concert to be given by the scholars of the Union Sunday School for the benefit of the new Union Church, will take place on Friday and Saturday evenings of next week. From what we can learn those who intend taking part in the performances are proficient in their parts, and it is confidently anticipated that the pieces which will be presented, as well as the acting, will be such as to surpass anything hitherto attempted by any juveniles on any occasion. Price of tickets—fifty cents; persons desiring to secure seats can do so by calling at the theater from 12 to 2 o'clock on Thursday and Friday next.

SPIRITUALISTS.—These popular humbugs, after running their length in the Atlantic States in gulling the unsophisticated out of their money and senses have commenced operations on the Pacific coast; and as a commencement we learn that three persons have already become hopelessly insane from attending the seances of these benefactors (?) We may shortly expect some of the disciples up this way for the purpose of enlightening us upon matters pertaining to the spirit-land; in which event we suggest that our people gather all the decayed vegetables and hen-fruit for the benefit of the lecturers.

A HUNDRED DRESSES IN TEN DAYS.—Every lady in Paris makes it a point of honor to wear three new dresses a day. There was a little actress from the Folles Dramatiques who went to Troville, and she displayed one hundred dresses in the ten days she was there. A hundred dresses in ten days! I see you stare with unsophisticated eyes! Impossible! Wait a moment. Hold up your fingers. Count! She wore one dress in the morning when she went out to take her ante-breakfast airing. One, isn't it? She wore another to breakfast. Two, eh? Another to after-breakfast walk. Three, eh? Another to the bath.. Four that makes. Another to the postlustration walk. Hold up your thumb for five. Another to lunch. Give us your little finger and call it six! Another for the walk after lunch. Ain't that seven? Another for horseback exercise before dinner. Sing out eight. Another for dinner. Pray, isn't that nine? Another for the ball. Give us your thumb and say ten; and look you, never again attempt to fathom a lady's bandbox and trunk. "But she did nothng but dress!" Silence, sir. That is none of your business. Besides, isn't it better her time should be taken up by dress than by gossiping, or getting her husband into hot water?—*Paris Letter.*

A BLOODY TRAGEDY.—A telegram dated Carson City, Feb. 2d., says:

A shooting affray occurred in the Ormsby House saloon at one o'clock this morning, resulting in the death of Thomas Peasley, of Virginia, and Mart. Barnhart, of this place. The difficulty arose out of an old grudge. Barnhart came in with a man named Charles Moore, of Lander county, took a drink at the bar and then went to the stove, where Peasley was sitting and talking with friends, and asked Peasley why he did not fight him at Glenbrook House last summer. Peasley asked if he was always on the fight. He replied, "Yes, you son of a ——, and I will give it to you now." One ball passed through the lower part of Peasley's heart and the other passed crosswise of his breast. Barnhart then broke his pistol over Peasley's head, breaking his skull, when Peasley roused up, seized and threw him into an adjoining room, drew his revolver and fired twice, one ball passing through Barnhart's heart, killing him instantly. Peasley lived twenty minutes. Moore was arrested as an accessory.

ON THE WAR PATH.—The Denver *News* says, that by a private letter from Julesburg, it learns that General Wheaton and General Heath started from Cottonwood on the 2d with a large force, for an expedition against "Johnny Red," who is supposed to be luxuriating in winter quarters on the Republican. It hopes they will succeed in opening communication with the noble tribes, who are so fond of making pie-crust treaties.

A DRUNKEN lawyer, going into church, was observed by the minister, who said to him: "Sir, I will bear witness against you at the day of judgment." The lawyer shaking his head with drunken gravity, replied: "I have practiced twenty-five years at the bar, and always found the greatest rascals the first to turn State's evidence."

"MARRIED couples resemble a pair of shears," says Sydney Smith, "so joined that they cannot be separated, often moving in opposite directions, yet always punishing any one who comes between them."

QUICK TIME.—Our copy of the Sacramento *Union* of the 3d instant, had a hard old time in getting to us. It appears that the paper came to the post-office in this place all right, was kept there till the 5th when the postmaster sent it on a tour of discovery below, when some official below (being sharper than Mr. Boke) arrested its progress and sent it back labelled, "Returned in your paper bag from your office this day, Feb. 5th."

WE return our thanks to Hon. E. L. Bradley for a copy of the Homeo-graphic Chart of the Members of the Legislature, State Officers, Officers of the Supreme Court of California, Physicians, Directors and Medical Visitors of the Insane Asylum, and Directors of the State Prison.

OUR thanks are due and hereby tendered to Loomis & Co., News Agents, of San Francisco, for a large bundle of Eastern papers by the last steamer, among which we are glad to welcome the New Orleans *Picayune*, New York *Herald, Tribune, Times* and *Post*. Loomis & Co. are prepared to furnish papers, magazines, pictorials, etc., with promptness and at reasonable rates.

NEW GRANADA MINES.—As the reports about the new El Dorado, in New Granada, says the San Francisco *Call*, have given some people an itching to go and see, we would state (says the Gold Hill *News*, of a recent date) that we saw a letter this morning from an old resident of Gold Hill to a friend here, which is entirely reliable. The writer says he has a good claim, but he would advise no one to come there at present, as there is a revolution about breaking out there, between the Government and the people, and that the prospect is slim for Americans coming there at this time. The writer expected, with some other Americans, to have to take to the mountains and leave his diggings, to avoid being compelled to take up arms in the war. With such a warning it seems poor policy for men to leave this region. The letter was written at the mines on Christmas Day, and was mailed at Tumaco, four hundred miles south of Panama.

A GOOD IDEA.—The following suggestion which strikes us as a very good one, comes from Wilke's New York *Spirit*:

"We desire to suggest to the Republican Government of Mexico, that it apply to the Government of the United States for a loan of say twenty or twenty-five millions of dollars, to assist her out of her present troubles. We hope the application may be made; and we see no reason why it should not be granted. It would be entirely regular for the United States to make such a loan to a Government which we recognize; and the act of doing so would be no greater cause of offence than our late appointment of a minister to Mexico. Moreover, the twenty millions lent in currency, would be returnable in gold, and this could be made a very good transaction. We are in favor, therefore, of lending Mexico a little money, to enable her to conduct her own war for herself, rather than of spending our own money to clear Maximilian out ourselves, at ten times the expense. Twenty millions of dollars lent by our Government to Mexico, at the present moment would float its whole one hundred million loan, which now lies dormant on our market; and with the money thus acquired, Mexico could buy enough arms and allure enough troops within our boundaries, to take the Monroe doctrine entirely off our hands. We approve, consequently, of helping the republic of Mexico to drive out the French and Austrians, by its own arms. What say the Mexican agents to this proposal for a twenty million loan?

IF YOU blood is corruption, disordered or vitiated, you are liable to be seized at any moment with a fit of sickness. It may appear in the form of pimples, blotches or sores, or it may suddenly prostrate you. One thing is certain: You cannot have health unless your blood is pure. To remove all impure matters from the blood, Adams' Blood Purifier is admitted to be the best preparation yet introduced to the public. It is a purely vegetable preparation, and will harm no one. Its effects are immediate and lasting. It purifies the blood, strengthens the nerves, produces a healthy action of the liver and kidneys, and restores the patient to perfect health and strength. Ja3m

DR. J. F. GIBBON.—This celebrated physician has returned to San Francisco, after an absence of a year, during which time he has visited the prominent hospitals in the United States, England and France; and having carefully studied the different mode of treatment in all those establishments, he comes back with full knowledge as to a proper adaptation of them in the effecting of cures here. He has returned and resumed the practice of his profession at No. 617 Kearney street, where his old patients may find him, and those who are suffering from ills which his practice will allow him to cure. His card will be found in another column.

MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine quo non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others, to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

CALIFORNIANS should test the merits of DR. HOSTETTER'S STOMACH BITTERS. While it is highly palatable as a beverage, it is unequalled as a tonic and invigorator. In the pursuit of fortune at the mines, many persons are exposed to the attacks of complaints of the digestive organs, and various kinds of fever. It is the very article that has so long been in demand in the mines. Its daily use will the tone of a deranged stomach, impart fresh vitality to the digestive functions, and cheer the spirits. Yet the Bitters is the safest of all stimulants. Let the miner who is exposed to hot and dry, wet and cold, be certain to obtain a supply of the genuine Hostetter Bitter, and he will find it a certain safeguard to health. Dec9-3m

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. A VERY INTERESTING LETTER.

Very few persons, even among physicians, would have been willing upon any terms to have been in the condition of the writer of the following letter on the 14th of February last. I will anticipate somewhat his report of the facts by saying that on the 15th August, ult, he made me a visit, "the very picture of good health." Time, which tries and proves all things, has sufficiently tested his case, and shown that neither relapses nor collapses having followed, the cure is perfect, and can be cited among the scores of similar cases the result of my improved mode of treating diseases without medicine.

G. M. BOURNE,
Water Cure Physician,
No. 10, Masonic Temple, Post street.

AUGUST 27, 1865.

SACRAMENTO, April 30, 1865.

DR. G. M. BOURNE—Dear Sir:—It is with pleasure and satisfaction that I now let you know of my good health. Looking back on what I have passed through, it seems as if I was lifted from the grave, and I think it my duty to acknowledge to you and the world the benefit I derived from water treatment as administered by you in your celebrated baths. It was in August, 1864, when disease developed itself with a severe cough. I then took medicines, getting worse, with chills, fevers, loss of strength, and was pronounced consumptive. This set me to thinking, and finally I determined to leave my business and go the Sandwich Islands, having been informed that I could not be cured here. I went to San Francisco, and while waiting for a ship called upon Dr. Bourne, who stated that a trip to the Islands would probably result disastrously, was wholly unnecessary, as I could be speedily cured at his establishment. I placed myself under his treatment, and in one week I was so much improved I thought I could risk returning home and to my duty as Engineer on the Central Pacific Railroad. The Doctor objected; but thought I knew better, and returned to two weeks my cough returned, and I kept getting wise, and contrary to Dr. Bourne's injunto medicine again, commenced that folly, and soon was completely run down that I could scarcely walk; so, as last resort, I concluded once more to try the Water I went to San Francisco—few of my friends expected me to return; in fact, I thought my return doubtful. On arriving at Dr. Bourne's establishment (February 14, 1865,) I was not able to get into the bath without assistance, but in a few days I began to result again. I remained with him only six weeks, when I left, "a wiser and a better man," without the aid of medicine. I have now been at work several weeks, and find that I am gaining every day, and at present am and far to be stouter than ever before. Persons visiting the Doctor's establishment find it just what it should be, both in Ladies' and Gentlemen's Departments, and cannot say too much in praise of the Doctor's kind attention to his patients.

This letter I write for the benefit of all the afflicted, to be used as the Doctor decides, and should it be the means of directing any to his care and treatment who as they assuredly will) find relief, I will be paid for my trouble.

JAMES CAMPBELL,
Engineer Central Pacific Railroad.

SAN FRANCISCO, August 22, 1865.

Advised by the undersigned, Mr. James Campbell, of the Central Pacific Railroad, (who was then in a most deplorable state of ill health,) placed himself under the care of Dr. Bourne, the Water Cure Physician. Some six months or more afterward he visited this city, when I accidentally met him at Dr. Bourne's establishment and am happy to say, restored to the enjoyment of good health, and in fine spirits. JOHN SULLIVAN.

Dr. Bourne treats all diseases of the throat, chest, and lungs—which includes diptheria, bronchitis, incipient consumption, pleurisy, croup, etc.—with greatest success. Great relief is afforded in advanced stages of consumption. rheumatism, paralysis, ne

THE ENGLISH ARISTOCRACY.—The London *Star* gives the following interesting analysis of of the house of lords:

"The house of lords is a sort of cabinet of curiosities; a museum of perserved odd old specimens of what English politicians used to be. It is, politically speaking, just such a collection as a Darwinian philosopher might delight to make. Within its walls you see illustrated the whole progress of the race. You begin with the lowest type of the British politicians—the lowest type, that is, which we can yet present to investigation, until science succeeds in finding the long-sought missing link which is to connect our herditary legislation once for all with the stolid ruminating herd once adopted by Edmund Burke as symbolic of the calm solidity of British political institutions. Here you have the noble lord who still firmly believes in protection. Divine right, and the imminence of a French invasion; the intelligent peer who associates a working man's franchise with the subversion of the throne and altar; the accomplished nobleman, who is convinced that England has not had a happy day since people began to fill the heads of the poor with their confounded nonsense about education; the patriarchal seignior, who cannot understand how a man can have the impertinence to make use of his land-lord's land in order to vote for somebody his land-lord does not want to see in parliament. On yonder bench is the interesting specimen of the English peer, who thinks that England is going to the dogs, since all sorts of common fellows are beginning to poke their way into the diplomatic service, who wonders whether any gentleman will ever serve in the army if the system of purchase should be sacrificed to the radicals. Just opposite him—a remarkably fine speciment—is the British nobleman, who can hardly speak for spluttering anger when he hears of audacious innovators who oppose the game laws. Well worthy of patient study is the old fashioned law lord, who looked upon Westbury as a sort of judicial chartist, and wonders the movements of the earth did not cease when the first daring hand pulled down a piece of the time-honored fabric of chancery. Nor should any one fail to glance at the antique military peer, who is for governing India by martial law, and who would have gone in for war against the American republic, modern cannon and unstocked infantry necks, all at once. How should we forget the peer of amateur piety—a sad fellow in his day—who vows that the glory of England is identified with the support of the Irish church, and wonders why the law officers of the crown do not recommend some stringent measures for the instant suppression of tractarianism? These, of course, are among the lower specimens.

THE SEVEN WISE MEN OF GREECE.—1. Thales was a descendant of Cadmus, and born at Miletus, in Ionia. He traveled much, and studied under the priests of Memphis, in Egypt where he became learned in geometry, philosophy and astronomy. He demonstrated the theory of the solstices and equinoxes, divided the year into 365 days, and believed water to be the principle of everything. He died 548 years before Christ, aged ninety-six.

2. Solon was born at Salamis, educated at Athens, and like Thales studied under the Egyptian priests. He was a celebrated lawgiver of the Athenians, and the friend of Cræsus, king of Lydia, to whom he made his famous saying, "No man can be called happy till he dies." He died aged 80, 558 years before Christ.

3. Chilo was a philosopher of Sparta, whose saying was "Know thyself."

4. Pittacus was a native of Mitylese, and was equally famous as a warrior as a philosopher—having killed the enemy's general in single combat. He was a great legislator, and caused a law to be passed, by which all persons who committed crimes while intoxicated were to be punished with double penalties. He died 570 years before Christ—his maxim was "Know the times."

5. Bias was a native of Priene: he died 566 years before Christ. His favorite saying was "Love your friend as though you expected him to be your enemy."

Cleobulus lived at Lindes—was a writer of verses, died 564 years before Christ, aged 70. His favorite motto was, "There is nothing better than moderation."

7. Periander was king of Corinth—although a tyrant, and disgraced by many crimes, he was a patron of genius, learning, and the fine arts, and was constantly talking morality and philosophy. He died 580 years before Christ, aged 80—we give two of his sayings—"A man ought solemnly to keep his word, but not hesitate to break it whenever it clashed with his interest." His other saying was in startling contrast with his wicked practices—"Not only crime ought to be punished, but every wicked and corrupt thought." Rather a difficult thing to do, without the criminal himself turned informer. It is somewhat remarkable that all these seven wise men were living at the same time.

REBEL SECRETARY OF THE NAVY.—A Eastern telegram says:

S. R. Mallory, late rebel Secretary of the Navy, writes a letter from Fort Lafayette to his friends in Georgia, in which he says that all who study the strides of public sentiment on the subject of slavery during the last quarter of a century, cannot fail to see that, with or without the proposed amendment to the Federal Constitution, slavery can never be re-established in the American Union. He says it is idle to speculate upon the advantages and disadvantages of freedom to the negro. The fact cannot be ignored that he is a permanent element of Southern population, and regards all schemes of colonization or deportation as useless. He favors the admission of negroes to testify in the Courts, but declares him habitually untruthful. He says the system of slavery required the negro to be kept in ignorance, but the change in his condition removes the obstacles to his instruction. It must be for the State to determine whether its interests will be best promoted by a permanently ignorant and degraded, or by an enlightened class of free laborers. In regard to returning to the Union there is no dishonor in frankly accepting the result and acknowledging it, while the obvious dictates of patriotism are that we make all the sacsifices required for the restoration of the Union. And in again raising our eyes to the starry emblem, we recognize in good faith and sacred duty, come what may, to sustain its honor and rights.

FROM a long and suggestive article in the Chicago *Republican*, concerning the Jews, we extract the following:—"The Jews rise gradually above the average of mankind whenever their immense mental resources and their formidable intensity of purpose are consecrated to religion, to humanity, to liberty, to letters or art. Then they become prophets, reformers and composers, and the moral and intellectual and artistic teachers of the world, producing Mendelssohns, Spinozas, Neanders, Meyerbeers, Bernes, Heines, and Raphaels. Among the German political reformers of the present day, there are a great many young men of Jewish parentage, particuly in Berlin and Vienna, who are the most ardent champions of liberty. France possesses in Gremieux, the Jew, one of her most unflinching Republicans. And so there are in every country Jews who show that as soon as they devote their great powers to some ennobling purpose they excel as much in the higher walks of thought and life as the bulk of their fellow religionaries in the lower."

A MAN who was arrested for stealing goods at a fire the other day, plead in excuse for and extenuation of his conduct, that he had been in the country but a few days, and hadn't learned the rules.

THE man is to be envied who can eat pork chop for supper and sleep without a grunt.

DR. GIBBON has the pleasure of announcing that he has returned to this State, after an absence of one year, during which time he has visited all the principal hospitals of Europe—among them those of Dublin, London and Paris. The following celebrated hospitals of London are among those visited by the Doctor: Guy's, High St., Borough; St. Bartholomew's, Smithfield; St. Luke's, Old street; St. Mary's, Camb Place, Pad.; Lock, Harrow road; University, Gower street; Westminster, Broad Sanctuary; Charring Cross, Agar street, Strand; London, Whitechapel road; Royal Free, Gray's Inn road; King's College, Portugal street.
DR. GIBBON has visited Drs. Acton of London; Parker of Birmingham, England, and Ricord of Paris, who are consided the best physicians and surgeons in the world, and whose authority is acknowledged to be the highest in the treatment of Sexual Diseases.
DR. GIBBON has obtained from them their new mode of treatment, which cannot be surpassed.
DR. GIBBON has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.
Horrible Diseases.
SAN FRANCISCO, April 1, 1865.
How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system. Look at their pallid, amaciated and disfigured faces, and their broken constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. Under this horrid situation thousands suffer until death closes the scene. Let parents, guardians and friends attend to those who are suffering with any of these horrible, life-destroying maladies—see that they are cared for and cured before it be too late. Send them to DR. GIBBON, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended Doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Therefore, before you spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable, I determind to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself

PRIVATE MEDICAL AID.
QUICK CURES AND MODERATE CHARGES.
DR. W. K. DOHERTY'S
Private Medical and Surgical Institute,
Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.
Established expressly to afford the afflicted sound and Scientific Medical Aid, in the treatment and cure of all Private and Chronic Diseases, cases of secrecy and all Sexual Diseases.
TO THE AFFLICTED.
DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Stricture, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.
DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.
The welfare of society imperiously demand their publicity, and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.
DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some some written acknowledgement for your valuable services—particularly as your fee was small for the work performed.
I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.
I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.
In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my address and call and see me. (I keep store in this city.) My experience may save you many dollars.
I would also add that in the early stage of my disease, I used a large amount of the preparations advertised as an infallible cure for GONORRHŒ, Gleet, etc., but never derived any benefit from them.
I am, Doctor, very truly yours, L—— H——

Seminal Weakness—A Sworn to Certificate of a most Remarkable Cure of Spermatorrhœa.
A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptons as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was afflicted to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable, I determind to try him, though I did not expect much benefit from his treatment. THIS CELEBRATED INSTITUTE
has enjoyed on this coast an unin terrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less so owned establishment of Ricord is to Paris this Institute has become to the Pacific coast. Th thousands annually received and cured place it in point of number of patients among the very first of the world, and the success of its treatment ranks it second to none.
PRIVATE DISEASES IN MALE and IRREGULARITIES IN FEMALES are the great destroyers of health They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.
There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.
MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.
Do not be Satisfied with Partial Cures
that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.
In all cases entrusted to the Doctor's care, PERFECT SPEEDY and PERMANENT.
Cures are always Guaranteed.
In syphilis and its adjuncts: Gonorrhœa and its accompanying diseases; and all diseases of the Bladder, Kidneys, and prostrate; Seminal Weakness; Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Dyspepsy; Incipient consumption, and all diseases of the urinary organs, in either sex, are always warranted, NO PAY REQUIRED, at the

SEMINAL WEAKNESS OR SPERMATORRHŒA.
The young man who experiences that growing weakness in his muscular and mental organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.
Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands of sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.
Do not forget the address. See below.
Important to Females.
When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary the requirements are, feels called upon to interpose, and by the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but it has thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.
THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.
